I have this little world that no one knows about but me
Where I can burrow down beneath the earth beneath the sea
I have this place I go where I can start to breathe
But sometimes all I find in there is who I used to be

She's got to be in there somewhere, somewhere

Pompeii
volcano watch it blow
fire hits the sky and burns up everything below
Pompeii
buried treasures in the ashes
storms will scream and lightning crashes
come and wash it all away

I don't have any secrets that I hide behind a mask
but when the sun begins to set the darkness comes so fast
and then we have to sort out all the pain from all the truth
but I will sort it out with you, yes I will sort it out with you
I want to spend every moment with you

Pompeii
volcano watch it blow
fire hits the sky and burns up everything below
Pompeii
buried treasures in the ashes
storms will scream and lightning crashes
come and wash it all away... away

Pompeii
volcano watch it blow
fire hits the sky and burns up everything we know
Pompeii
buried treasures in the ashes
storms will scream and lightning crashes
come and wash it all away
